

Biophysics of Computation Information Processing in Single Neurons Computational Neuroscience Series

BOOK DETAILS

- Author : Christof Koch
- Pages : 592 Pages
- Publisher : Oxford University Press
- Language : English
- ISBN : 0195104919

BOOK SYNOPSIS

Neural network research often builds on the fiction that neurons are simple linear threshold units, completely neglecting the highly dynamic and complex nature of synapses, dendrites, and voltage-dependent ionic currents. *Biophysics of Computation: Information Processing in Single Neurons* challenges this notion, using richly detailed experimental and theoretical findings from cellular biophysics to explain the repertoire of computational functions available to single neurons. The author shows how individual nerve cells can multiply, integrate, or delay synaptic inputs and how information can be encoded in the voltage across the membrane, in the intracellular calcium concentration, or in the timing of individual spikes. Key topics covered include the linear cable equation; cable theory as applied to passive dendritic trees and dendritic spines; chemical and electrical synapses and how to treat them from a computational point of view; nonlinear interactions of synaptic input in passive and active dendritic trees; the Hodgkin-Huxley model of action potential generation and propagation; phase space analysis; linking stochastic ionic channels to membrane-dependent currents; calcium- and potassium-currents and their role in information processing; the role of diffusion, buffering and binding of calcium, and other messenger systems in information processing and storage; short- and long-term models of synaptic plasticity; simplified models of single cells; stochastic aspects of neuronal firing; the nature of the neuronal code; and unconventional models of sub-cellular computation. *Biophysics of Computation: Information Processing in Single Neurons* serves as an ideal text for advanced undergraduate and graduate courses in cellular biophysics, computational neuroscience, and neural networks, and will appeal to students and professionals in neuroscience, electrical and computer engineering, and physics.

BIOPHYSICS OF COMPUTATION INFORMATION PROCESSING IN SINGLE NEURONS COMPUTATIONAL NEUROSCIENCE SERIES - Are you looking for Ebook *Biophysics Of Computation Information Processing In Single Neurons Computational Neuroscience Series* ? You will be glad to know that right now *Biophysics Of Computation Information Processing In Single Neurons Computational Neuroscience Series* is available on our online library. With our online resources, you can find *Applied Numerical Methods With Matlab Solution Manual 3rd Edition* or just about any type of ebooks, for any type of product. Best of all, they are entirely free to find, use and download, so there is no cost or stress at all. *Biophysics Of Computation Information Processing In Single Neurons Computational Neuroscience Series* may not make exciting reading, but *Applied Numerical Methods With Matlab Solution Manual 3rd Edition* is packed with valuable instructions, information and warnings. We also have many ebooks and user guide is also related with *Biophysics Of Computation Information Processing In Single Neurons Computational Neuroscience Series* and many other ebooks. We have made it easy for you to find a PDF Ebooks without any digging. And by having access to our ebooks online or by storing it on your computer, you have convenient answers with *Biophysics Of Computation Information Processing In Single Neurons Computational Neuroscience Series* . To get started finding *Biophysics Of Computation Information Processing In Single Neurons Computational Neuroscience Series* , you are right to find our website which has a comprehensive collection of manuals listed.
