## **BOOK SYNOPSIS**

Making Sense of the ECG: Cases for Self-Assessment presents everything you need to assess your ability to interpret ECGs accurately, perform differential diagnosis, and decide upon the most appropriate clinical management in each situation. The patients history, examination and initial investigations are presented along with questions on the ECG interpretation. Detailed explanatory answers ensure this book solves your queries as well as providing practical guidance and essential revision. Use alongside the popular companion Making Sense of the ECG 4E,or independently, as a vital tool to consolidate your knowledge and prepare yourself for future clinical practice.
